ERASMUS+ KA2 Strategic partnership
MULTIPLIER EVENT at**

**“Conference for European vocational education on
Aquaculture 2021”**

Friday 19th November 2021

Revenue	SEALOGY® - The European Blue Economy Exhibition Ferrara Fiere Congressi, Via della Fiera 11, Ferrara, Italy Plenary Meeting Room “GRECALE” – Pav. 2
Organizers	M.A.R.E. Cooperative Society in collaboration with Zone College (NL) and SEALOGY®
Description	This conference offers the opportunity to discuss and face the importance of professional skills and competences in aquaculture, one of the strategic sectors of the Blue Economy, starting from Education and Vocational Training in the sector and looking at the 2021/2027 programming. The initiative is an integral part of the AQUA-VIEW project, approved and funded by the Dutch Agency of the Erasmus+ Program, which aims at developing common education and vocational training on a European scale, offering a concrete contribution to the needs of the sector and to the development of generational change and youth employment in aquaculture. AQUA-VIEW supports the development of new European professional profiles (EQF Level 4 and 5 EQF ¹) and lifelong learning programs, spendable on the national and international market, through a network of universities, colleges, training and research institutions of 7 EU countries (Netherlands, Belgium, Spain, Austria, Slovenia, Italy and Malta).
Main Topics	The European project "Aqua-view" Training and education in aquaculture Qualification Systems in EU (EQF) European Professional Profiles in Aquaculture Strategic Partnerships and Networks for Education The needs of the sector regarding education and training needs
Languages	English and Italian

¹ European Qualification Framework
